Muhammad Usman

UI/UX Designer

03 Years of Experience

Product-focused UI/UX Designer with 3+ years of experience delivering intuitive mobile applications, web applications, and B2B products. I translate complex user and business requirements into clear, scalable experiences that improve usability and support product growth. Skilled in end-to-end product design, user flows, interaction design, prototyping, and polished UI using Figma, Framer, and Claude.

Work Experience

Teo International

UI/UX Designer | Islamabad — 2023 – Present

100+ Screens · 30+ User Flows · 2+ Products · End-to-End Design · AI-Powered Products · Developer Handoff

Nordlys AI (2025-2026)

Designed an end-to-end healthcare platform with **AI-assisted documentation, reducing appointment time from 20 to 5 minutes** and increasing doctor capacity.

MV (2024–2025)

Designed a centralized platform for **file management, AI document interaction, and automated reminders to help** track critical documents and deadlines.

SMART (2023–2024)

Built a centralized platform for **skill tracking and project allocation**, giving Country Managers real-time visibility and cutting manual tracking by **50%.**

Alright Tech Private Limited

UI/UX Designer (Internship) | Islamabad — Oct 2022 – Jan 2023

Delivered 25+ mobile screens for the Gulf VPN application, successfully published on the Google Play Store.
Created user flows, wireframes, and prototypes in Figma, **increasing user engagement by 10%** in the initial release.

Selected Live Projects

Talent Pick AI

TalentPick AI An AI-powered recruitment platform that automates resume screening, **saving HR teams up to 30% of their time.**

30+ Web Screens · 15+ User Flows — Visit Product

LocalGap

LocalGap Analyzes competitors Google reviews to reveal actionable opportunities for business improvement, **saving owners up to 40% of their time on manual research.**

15+ Web Screens · 5+ User Flows — Visit Product

Snapwio

Snapwio turns job photos into dated, branded reports that provide clear proof of completed work. It helps businesses protect their work and build trust with clients through simple, professional documentation.

15+ Mob Screens · 6+ User Flows — Visit Product
